LENIENCY SHOWN THREE PRISONERS

No Penitentiary Sentences Given Out by Adams County Court.

FOUR MONTHS FOR SNYDER

Man Who Shot Greek Already Has Served Eight. Three Months For Palm. Williams to Huntingdon.

A tendency toward leniency was shown by the Adams county court this morning when William Snyder, who pled guilty to shooting George Kochiow and carrying concealed deadly weapons, got four more months in the county jail and a fine of \$25; Alfred Palm, colored, a three month sentence for stealing chickens from Mr. and Mrs. E. O. Curran; and "Jimmy" Williams, who committed larceny and fled the Adams county jail, an indefinite sentence to the Huntingdon reformatory.

A scattered audience was present in the court room when President Judge McPherson and Associate Judge Miller arrived at 10:30 o'clock to conduct the sentence session that is usually the most interesting of any court term.

The first case to be brought before the court was that of the Commonwealth versus William Snyder, 36 years old, pleading guilty to shooting George Kochiow, a professional Greek wrestler, during a fracas on the Harrisburg road last August.

District Attorney Topper reviewed the facts of the case as revealed at the hearing which showed that Snyder and Kochiow had an altercation which resulted in the former man coming to Gettysburg to purchase a revolver ostensibly for self protection. Details of the fight with the resultant shooting of Kochiow were then related by the Commonwealth.

In behalf of Snyder, William Hersh, Esq., stated that he was appearing in court for the first time in his life, was previously a reputable citizen of Adams county in the McSherrystown district, and had shot Kochiow in self defense.

"The reason that we were unable to conduct a defense during a trial," said Mr. Hersh, "is that we have been unable to locate two important witnesses who warned Snyder that Kochiow was coming after him."

In view of the fact that Snyder "had an excuse but not a justification for his act" and had been in the

NO GAME FRIDAY

College Plays at Westminster. High Meets Hagerstown.

Unexpected rain fall during the middle of Friday afternoon turned Nixon Field into a sea of mud and prevented the scheduled game between Coach Ira Plank's Collegians and "Gy" Dickson's Franklin and Marshall nine.

Efforts to play the game this morning proved to no avail as Franklin and Marshall team which spent the night here desired to return to Lancaster as soon as possible.

Gettysburg meets Western Maryland at Westminster during the afternoon.

While the college team is playing at Westminster, weather permitting, the High school proteges of Coach Reynolds will convene at Nixon Field to try to turn the tables on Hagerstown, the only nine to defeat them this season.

SEVENTY COUPLES DANCE

College Orchestra Furnishes Good Music for Acorn Club.

A crowd which at its height reached a total of about seventy couples thronged Glatfelter Hall, Friday night, to attend the dance of the Acorn Club. Numerous persons from Hanover and various parts of Adams county were included among the people who commenced to dance at 9:00 o'clock and stopped a few minutes after midnight.

The feature of the affair was the unusually good music furnished by the College Orchestra led by W. C. Worley.

PERSHING'S CHIEF WITH WAR COLLEGE

Seventy Five Army Officers Study Tactics of Lee And Meade.

Major General J. W. McAndrews, General Pershing's chief-of-staff, and seventy five officers of the army war college, which is in session in Washington, arrived in Gettysburg shortly before noon today for a brief tactical study of the battlefield.

Brigadier generals, colonels, lieutenant colonels, majors and captains, many of whom returned to the United States during the past year fresh from a long period of active service in France, are this afternoon studying the strategy and military tactics used by General Lee and General Meade nearly sixty years ago.

The party left Washington this morning in government motors and reached Gettysburg in time for lunch. The party was entertained at the Hoffman House and the Gettysburg Hotel. They made a tour of the field during the afternoon and will leave for Washington Sunday afternoon.

This is the first visit the members of the war college have made to Gettysburg since 1916. Up until that time the side trip to the battlefield had been a regular event. No survey of the field has been made by the war college or the West Point cadets since the outbreak of the war.

JUSTIFIABLE HOMICIDE

To Murder Commissioners For Using Road As Detour.

"If any man who used the road from Mont Alto down South Mountain past the residences of E. F. Strausbaugh and Harvey Lewis and then onto the Lincoln Highway at George Kane's store as an official detour would murder all three Adams county commissioners with the Franklin county commissioners thrown in for good measure, I would consider the case justifiable homicide."

Thus J. Donald Swope, solicitor for the Adams county commissioners, expressed his opinion of using the described road as a detour between Gettysburg and Chambersburg during the construction of the Lincoln Highway.

Mr. Swope as well as the commissioners came to this conclusion after an automobile trip on Friday afternoon. They met the Franklin county commissioners at Graeffenburg Inn and then drove to Mont Alto and down past the house of E. F. Strausbaugh finally reaching the Lincoln Highway.

C. B. Hartman, driver, said he thought that no other automobile had ever traveled that road before.

COMMITTEE TO CARLISLE

Town Men Will Study Building Program.

George C. Fissel, Charles A. Blocher, and M. C. Jones, representing the Gettysburg Housing and Realty Corporation, motored to Carlisle today in order to see the progress of the building program in that city.

The housing situation in Gettysburg is reaching such an acute stage that the Realty representatives deem it advisable to take as immediate steps as possible to relieve the shortage.

RESISTED SHERIFF

Addison Stambaugh, Berlin Junction, Placed in Jail.

Addison Stambaugh, who lives near East Berlin junction on the Western Maryland railroad, was arrested on Friday night and placed in the Adams county jail for alleged resistance to the efforts of Howard J. Hartman, deputy sheriff, to put up bills denoting the sale of the property.

Stambaugh is technically charged with assault and battery against the deputy sheriff.

CARNEGIE MEDAL TO COUNTY HERO

Paul Benedict, of Hampton, Recognized by Hero Fund Commission.

LOST LIFE IN HAVER'S DAM

Saved the Life of His Playmate But Lost His Own. Tragedy Occurred Last June.

That Paul Benedict, son of Albert Benedict, of Hampton, died the death of a hero last June 26 while saving the life of his playmate, the twelve year old son of G. R. Little, of near Hanover, who fell from a swing into Haver's Dam in the Conewago creek, is recognized by the Carnegie Hero Fund Commission which today announces he has been awarded a bronze medal.

One silver and eleven bronze medals were awarded by the commission. Five of those receiving medals lost their lives while saving others.

The tragedy in which Benedict, who was fourteen years old, became a hero occurred about 8 o'clock on Thursday night, June 26, as the youth, his two sisters, and the Little boy were swimming at Haver's Dam and running around on the shore. A swing was suspended from a tree over the dam. Little was swinging out over the water when the rope broke. He suddenly fell into the stream, which is twelve feet deep at that particular spot.

When Little commenced to struggle and gave evidence of needing help Paul Benedict dived and went to his rescue.

Benedict labored manfully to save his fellow playmate but was unequal to the task and became so exhausted by his efforts that he sank beneath the weight of the boy he was trying to save.

Seeing that their brother would in all probability be unsuccessful in his attempted rescue the Benedict sisters dived into the water and managed to tow the Little boy to the shore. They immediately went in again for their brother. But the Benedict boy had sunk in the deep water and was not seen until two hours later when Guy Albright, of Abbottstown, and Mervin Kauffman, recovered his body.

The Benedict sisters after the rescue proceeded to work over the body of the unconscious Little boy and revived him after considerable effort.

The scene of the courageous rescue is located about four miles from Abbottstown and is not far from Dick's Dam. It is on the old Brough road which leads to Haver's Mill.

While everyone who heard of the bravery of Young Benedict knew he was a hero this announcement made by the Carnegie Hero Fund Commission is the first intimation that the case had even been considered by them.

OFF FOR RELAYS

Gettysburg College Runs in Philadelphia at 4:00 O'Clock.

Doyle R. Leathers, coach of track at Gettysburg College, Edward Buck, manager, H. B. Rudisill, Fred P. Haehnlen, H. E. McBride, and R. E. Wortman, members of the school relay team, left by automobile at 7:30 o'clock this morning to participate in the Relay Races at the University of Pennsylvania.

Gettysburg is in the College Class, event number fifty, and commences to run at 4:00 o'clock against St. John's College of Annapolis, George Washington, Geneva, Brooklyn, Manhattan, Carnegie Tech, and Franklin and Marshall.

Coach Leathers who has developed a fair team expects stiffest opposition from Carnegie Tech.

CARPENTERS STRIKE

No May Day Demonstrations in Philadelphia.

(By Associated Press) Philadelphia, May 1—Between 5,000 and 7,000 carpenters and workers on building operations struck today for high wages. A union official stated other trades had received an advance but the carpenters were overlooked.

No May Day street demonstration had been planned by organized labor and the city was quiet.

NEW BELL RATES NOW IN EFFECT

Charge Now Levied For Calls Through Other Exchanges.

New rates of the Bell Telephone company, protested by subscribers in every part of the State, complaints against which will be heard before the Public Service Commission May 5, are now in effect. It now costs ten cents for every call through another exchange. Gettysburg subscribers will pay ten cents for calls to Biglerville, New Oxford, Fairfield and Littlestown. The price to York Springs is fourteen cents.

A flood of complaints and protests against the increased rates has swept into the office of the state public commission, but no action has yet been taken by that body. The commission has announced that objections against the Bell telephone charges, which have been increased in all parts of the state, will be heard on May 5.

Communities and organizations of all kinds have joined in the fight against the telephone companies. Nearly every section of the state has filed objections to the Bell tolls. The city of Philadelphia, by order of council, will put up a vigorous battle before the commission. York, Reading and other municipalities will contend before the state body that the various increases are unreasonable and unfair. Regardless of the general indignation, the companies have stood firm and the schedule as recently published will go into effect without revision. If the public service commission later decides that the new charges are not warranted, it has the power to order a refund of money collected in excess of old rates.

BANQUETERS SNEEZE

Freshmen Recipients of Large Doses of Red Pepper.

Fifteen packages of red pepper thrown through the windows of the Hoffman hotel dining room from the outside alley temporarily broke up the banquet of seventy Freshmen, Friday night.

Sneezing and coughing, every one of the banqueters was forced to leave the dining room for a short time while water was sprinkled on the pepper believed to have been hurled by some mischievous Sophomores.

With the exception of the red pepper episode the annual Freshmen banquet passed off very smoothly.

The leather programs, among the most handsome ever given out at a Freshmen affair, diverted from the usual style menu by announcing that "we eat a chicken and waffle dinner with all the trimmings" in the form of a letter "F."

Speeches were delivered by C. L. Zerbe, class president and toastmaster; Captain S. M. Tuttle, head of the college military unit; Professor G. C. Knight; George W. Schillinger, and E. E. Ziegler.

C. R. Simon, H. A. Hesser, R. F. Polack, W. G. McAllister, and H. W. Sachs constituted the committee.

SON OF LINCOLN WILL NOT SPEAK

Robert Lincoln Refuses Request to Read Address of Father Memorial Day.

HEALTH WILL NOT PERMIT

Son of Martyr President is Now Man of Seventy Five. Sends Reprint of Original Address.

Plans of the Memorial Day committee of the local Grand Army post to have an added feature in Gettysburg on May 31 of this year have been frustrated by receipt of a letter from Robert Lincoln, son of Abraham Lincoln, stating that he will be unable to appear here to read the immortal address of his father.

Rev. J. B. Baker, pastor of St. James Lutheran Church, got into communication with Robert Lincoln, a man of about seventy five years of age who lives at 3014 N. Street, Washington, D. C., asking him to come to Gettysburg this year to read the address which his father delivered at the national cemetery on November 19, 1863. In his request Rev. Mr. Baker said that he knew Mr. Lincoln objected to appearing at public events but requested him to make one great exception by accepting the invitation of the Gettysburg Grand Army men.

Robert Lincoln wrote the following reply:

"I assure you that I greatly appreciate your invitation to me to be present at the approaching observance of Memorial Day at the National Cemetery at Gettysburg and to take part in the ceremony which has there a peculiar propriety. Whether I might be led by the reasons so forcibly urged by you, to lay aside for this day the feelings of which you speak, which has influenced me for many years, is made unnecessary to consider, for the condition of my health is such as to compel me to refrain from making any public engagement whatever."

Mr. Lincoln sent Rev. Mr. Baker a book entitled "Lincoln's Gettysburg Address" reprinted from the Century magazine of February, 1894, giving three sources of authority for the immortal speech. The first is the original autograph draft written partly at Washington and partly at Gettysburg, the second, the version of the short hand reporter on the rostrum stand which was printed in the leading newspapers the following morning and the third the revised copy made by the president a few days after his return to Washington.

Robert Lincoln also sent to Mr. Baker a copy of the proceedings in the United States Senate on February 12, 1920, when Senator Keyes, of New Hampshire, was given unanimous consent to read the Gettysburg address from the original manuscript.

FIXING UP NEW QUARTERS

American Legion Men Established in Stallsmith Building.

The two rooms on the third floor of the Stallsmith building donated by Ward Stallsmith are now being occupied by the members of the Albert Lentz post of the American Legion.

Due to lack of furniture the rooms are not fully furnished as yet and Walter Swisher, chairman of the booster committee, intends securing further donations for the rooms within the next few days. Either he or Horace E. Smiley is authorized to receive articles of furniture for the rooms.

The only large piece of furniture in the rooms at the present time is a handsome divan given the former service men by Frank Eberhart, Chambersburg street. Ralph Becker donated pictures of Generals Pershing, Foch, Haig, and Diaz, and Admiral Sims.

Next Monday night at 7:30 o'clock the service men will hold their first meeting in their new quarters.

CHICAGO ARRESTS 1500

Police Make Big Roundup To Prevent May Day Disorders.

(By Associated Press) Chicago, May 1—Federal, state and municipal authorities in the central and western states today were prepared to stamp out any possibility of threats of disturbances in connection with the observance of May Day. They generally predicted no violence would be attempted but elaborate precautionary measures were taken in many cities reaching the crest in Chicago where more than 1,500 radicals, suspects and alleged criminals were arrested in a police roundup.

MAY DAY FINDS RADICALS QUIET

Eastern Cities Under Heavy Police And Military Guard.

ARRESTS IN SCRANTON

Troops at Governor's Island Armed With Hundred Rounds of Ammunition. Claim Plot Was Nipped.

(By Associated Press) New York, May 1—The dawn of May Day found cities in the east under strong police and military guard in anticipation of possible acts of violence by radicals.

In New York City where William J. Flynn, chief of the bureau of investigation of the Department of Justice is directing operations the entire police force of 11,000 men was on duty, soldiers at Governor's Island were armed with a hundred rounds of ammunition and held in readiness for instant duty. Arrangements had been made to mobilize the New York State guard in case of necessity and a hundred posts of the American Legion agreed to report to the police stations should an emergency arise.

All public buildings were closely protected and guards were stationed at railway terminals, bridges and the homes of prominent men.

At Hartford, Connecticut, infantrymen of the first Connecticut guard-regiment patrolled the state Capitol and the bridge over the Connecticut River, the State Armory and municipal buildings. The guardsmen were hurriedly summoned early today following reports made by Colonel Charles W. Burpee, that the public and state buildings were to be blown up.

Seven men were under arrest at Scranton two of whom were said by Department of Justice agents to be organizers and leaders of the Communist Party in America. The government officers claimed they nipped in the bud a May Day plot by the arrest last night.

More than forty thousand boys marched down Fifth avenue this afternoon in a loyalty parade.

Governor Smith, Mayor Hylan, Arch Bishop Hayes and General Bullard, commander of the Department of the East, reviewed the parade. The police dispersed a crowd of several hundred persons gathered at Rutgers Square for a Socialist meeting.

They ruled that no addresses could be made nor parades held.

MOYER GUILTY IN BANK WRECK

Trial Ends in North Penn Bank Case. Released on Bail.

GRAY ASKS NEW TRIAL

Cashier Was Charged With Perjury And Making False Reports. Took Verdict Calmly.

Philadelphia, May 1—It took the jury just a few minutes less than two hours yesterday to find Ralph T. Moyer guilty of perjury and making false statements in a report to the State Banking Commissioner last June. The one-time cashier of the North Penn Bank, whose dramatic trial before Judge Davis in Quarter Sessions Court excited wide interest the past two weeks, took the verdict without flinching and displayed remarkable calmness and control.

Immediately after the jury returned the verdict, William A. Gray, Moyer's attorney, informed Judge Davis he would apply for a new trial, and asked for more than the usual four days' time in which to file his reasons. He explained that he made this request because the record is very voluminous, and he expects to be engaged all next week in the trial of another case. Judge Davis said the time would be extended without any definite limit at present.

Taulane Asks \$50,000 Bail.
Moyer was released under \$25,000 additional bail pending the final disposition of the case.

There was considerable discussion between Mr. Gray and Assistant District Attorney Taulane over the bail. Mr. Taulane insisted that it ought to be double that under which Moyer was at liberty prior to conviction and asked for \$50,000. Judge Davis tried to compromise with \$35,000 but Mr. Gray insisted that his client could not furnish it, and declared that even \$25,000 was excessive. He finally agreed to enter two bonds of \$25,000 each, one to cover the indictments on which Moyer stands convicted, the other on indictments on which he has not been tried.

When Captain John C. Groome, Jr., foreman of the jury, announced the verdict in a clear voice, Mr. Gray asked that the jury be polled. Each juror rose in answer to his name and announced his individual verdict of "guilty to both indictments." This ended Mr. Gray's last effort. Ever since the trial began he took advantage of every technicality in an effort to delay or to have a juror withdrawn and a mistrial ordered.

Jury Took Three Ballots
It took three ballots before the jurors arrived at the verdict, according to Captain Groome. He said there was considerable discussion in the jury room, and that the books and papers which had been offered in evidence by the Commonwealth were constantly referred to.

On the first ballot they unanimously agreed, he said, to convict Moyer on the charge of making a false statement of the bank's condition to the State Banking Commissioner.

A ballot was next taken on the perjury indictment and 11 voted for conviction. The other juror hesitated because of some uncertainty in the testimony of the notary public, who swore that he had administered the oath to Moyer when he signed the false report. After a short discussion the juror was convinced and voted with the others.

Taulane Had Case Well Prepared
The trial was in many ways one of the most remarkable ever tried in a local Quarter Sessions Court. Evidence of a highly technical nature involving the use of hundreds of figures and the explanation of an intricate system of bookkeeping employed at the bank was successfully introduced by Mr. Taulane, whose grasp of the case was most remarkable.

TO DRIFT FIVE YEARS ON ICE

Amundsen Sends Report of Expedition on the Arctic.

London, May 1—Roald Amundsen, the Norwegian Arctic explorer, has not abandoned his expedition, but after his impending visit to Nome, Alaska, he intends to enter the ice pack around Wrangell Island, off the northern coast of Eastern Siberia, and thence drift across the Polar Sea, says a dispatch to the London Times, from Christiania.

A wireless dispatch received at Nome, Alaska, the night of April 22, from Anadir, Siberia, a trading post on Bering Sea, said Amundsen had arrived there. An American Navy wireless dispatch received at Cordova, Alaska, also reported the arrival at Anadir of Amundsen from his ship, the Maud, which was said to be ice bound near the mouth of the Kolyma River.

A message dated from the Maud somewhere in the Arctic, the first received from the explorer since he began his tour of exploration, begins with the departure of the Maud from the vicinity of Cape Chelyuskin, says the London Times. It came by Anadir and Nome. The message was undated, but probably was written about Christmas time.

"We left our winter place," says Amundsen's message, "September 12, 1919, after having mined and forced our way through 2,600 yards of unbroken ice from two to three yards thick. We were detained the next day by heavy pack ice at St. Samuel's islands, but got through on the 14th and continued on our way to the east, being again detained the next day, as the ice lay close to St. Peter's islands."

county battle for eight months, the court sentenced him to serve one year from September 1, 1919, for shooting Koehow and to pay a fine of \$25 for carrying a concealed deadly weapon.

George J. Benner, Esq., counsel for Alfred Palm, aged 51, asked that the defendant be paroled on account of his splendid reputation for industriousness in the town where he had lived his entire life. Mr. Benner called Charles Lady, local pavement contractor, to testify that Palm never stole a single article during his fifteen or twenty years' employment with him.

The court refused to parole Palm, however, because previous testimony indicated strongly that he had stolen chickens from two defenseless persons, Mr. and Mrs. E. O. Currens, Cumberland township, and therefore sentenced him to three months in the county jail. Palm's sentence will expire August first.

While a majority of the audience was starting to leave, the court told "Jimmy" Williams, alias James Vincent Cook, alias Charles Claton, the youth in his early twenties who fled the local jail and then returned to secure a position as head waiter at the Hotel Gettysburg, that he would have to return to the Huntingdon Reformatory to serve out the one year sentence imposed upon him in August, 1918, and such additional time for larceny and jail breaking as the authorities there deemed advisable.

MEXICAN CITY FALLS TO REBELS

Chihuahua City Captured by Revolutionists General Calles Says.

FEAR TROUBLE IN JUAREZ

American Doughboys at Fort Bliss Ready For Action if Situation Demands Interference.

Agua Prieta, Sonora, May 1—Chihuahua City is definitely in the hands of the revolutionists, it was announced by General P. Elias Calles last night. Chihuahua City is one of the largest cities in northern Mexico. It has a population of approximately 40,000.

Agents of the secessionists are at work throughout Mexico attempting to gain followers. General Calles, commander of the revolutionary forces in northwest Mexico, said Friday that the rebels were doing little in aggressive campaigning until the fullest strength possible was mustered. He said the plan was based on two reasons, one being the desire to be fully prepared for any military situation which might arise, and the other to gain all the strength possible without bloodshed.

Both Sides Claim Chihuahua City
El Paso, Tex., May 1—With Chihuahua City still cut off from telegraphic communication both the Mexican Federal authorities and the Obregon junta Friday claimed their forces controlled that city.

Confirmation of the capture by the revolting troops of General Emilio Salinas, brother-in-law of President Carranza and acting Governor of Chihuahua, was claimed to have been received by the Sonora junta here. Salinas is still held prisoner, the report stated, by General Eugenio Martinez, who it is claimed, is in possession of that city.

Although Juarez military officials asserted danger of an uprising there in sympathy with the Sonora revolt was past, outposts were stationed Thursday night to prevent a possible surprise attack on the border port and American army officers at Fort Bliss held troops in readiness for instant use in case a skirmish endangered lives on the American side.

The situation both at Juarez and at Torreon was declared to be quiet.

Pay Taxes to Rebel Officials

Washington, D. C., May 1—Americans doing business in the State of Sonora and other parts of Mexico controlled by the revolutionists have been authorized to pay taxes and customs duties to the de facto authorities.

The State Department received an exhaustive report Friday on conditions in Vera Cruz from an American in that city. The report urged that warships be kept in readiness for dispatch to Vera Cruz should the need arise. Although Vera Cruz was said to be quiet, possibilities of trouble there were described as great.

Official advices from various parts of Mexico indicate a steady growth of the revolutionary movement and rapid co-ordination with the Sonora revolt of many of the rebel bands which have been operating independently. The possibility of General Obregon taking the field in person for an attack on Mexico City was forecast in these reports, which said that the rebels of Michoacan, Guerrero and Morelos had declared themselves a unit of the Sonora army.

ANTI-SALOONISTS FAVOR LOWDEN

Say He is Only Candidate so Far Suitable to Prohibitionists.

Westerville, O., May 1—Gov. Frank O. Lowden, of Illinois, is the only presidential candidate, so far, whom the Antisaloon League of America has approved as suitable to the prohibitionists.

In a statement given out last night, Dr. P. A. Bakers, general superintendent of the league, says, after a brief review of Governor Lowden's record on prohibition, that "prohibitionists consistently can support him if he is nominated."

Senator Warren G. Harding's prohibition record is reviewed at considerable length, but no definite statement as to his acceptability or nonacceptability is made. "Senator Harding, of Ohio, usually votes with the drys, but always talks for the wets," the statement says; and adds:

"When the Eighteenth Amendment was pending in the Senate, Harding announced from the floor that he was not a prohibitionist, that he failed to see in it a moral question, and that he favored compensation of the liquor traffic. Of course, any man who favors compensating the liquor traffic would not be able to see it in a moral issue."

The statement goes on to say that Harding voted for the Eighteenth Amendment and the Volstead Act, but voted against prohibition in the District of Columbia.

Senator Hiram Johnson, of California, the statement says, "is being solidly supported by the liquor interests of California, not because of any particular service he has rendered them, but because he seems to command the support of the discontented, and the liquor people just at this time are very much discontented." And also possibly because a Sacramento, Cal., paper "has announced Mr. Hoover's dry convictions."

Commenting on Governor Lowden, the statement says he was opposed for election as governor by many of the prohibitionists of Illinois, "but since his election as governor he has been so eminently fair and friendly to the prohibition laws and their enforcement that prohibitionists consistently can support him if he is nominated."

YORK BEAT ACADEMY

Exciting Contest Here Won in Tenth Inning, 9-6.

With two men on base in the ninth inning of an exciting contest between Gettysburg and York High School ending at 1:00 o'clock here this afternoon, Hadley Heindel, local second sacker, singled to right tying the score at 6-6. That blow should have won for the Academy but poor judgment prevented the runner on second from even attempting to score and York won out in the tenth inning 9-6. Bases on balls and fielding misplays were responsible for York tallying three runs in their half of the tenth.

HARD COAL UP \$1

No Price Raise Announced by Local Dealers.

The scheduled advance of \$1 a ton in the price of anthracite coal in domestic sizes became effective today although no announcement was made by local dealers on their prices.

The Lehigh Coal and Navigation Company and the Reading Company, both large producing agencies, said that the chief element entering into the increase is the advance in wages. Some of the new prices are as follows, mine basis: Broken and egg, \$7.35; stove and chestnut, \$7.70; pea, \$6; buckwheat, \$4; rice, \$3; barley, \$2.25. The old schedule was about \$1 lower in the first three of the above varieties, but approximately the same in the remainder.

CAR STRIKES PEDESTRIANS

License That of East Berlin Man. He Did Not Stop.

An automobile bearing a license belonging to Gilbert A. Haverstock, of East Berlin, struck George Kleinfelter and his wife, in York Friday night, as they were waiting to board a trolley car. Although badly shocked and bruised neither were hurt badly. The driver of the car proceeded on his way without offering any assistance to the injured people.

RAID RACE POOLROOM
New York State Troopers Find Elaborate Telephone System.

Lawrence, N. Y., May 1—An alleged poolroom, declared by the police to be the distributing centre of racing information for the entire metropolitan district, was raided here late Thursday by Assistant District Attorney Edwards, of Nassau county, four State troopers and two detectives. The room, which is in the rear of a frame building near the railroad station, was protected by two locks, which were broken by the attacking party. The raiders said they found in the room 18 telephone instruments, connected with a small switchboard into which ran 10 trunk line telephone wires.

The raiding party seized a long list of telephone numbers, a majority of which were on New York exchanges. They also claim to have found telephone numbers from cities in New Jersey and Pennsylvania as far west

as Pittsburgh. Complete record sheets of the Havre-de-Grace and Lexington race-tracks also were seized, the raiders said.

HORSES DRAG FARMER

Preacher's Auto Frightens Team of Dillsburg Man.

Charles Stauffer, a farmer, aged about 40 years, of near Clear Springs, was seriously injured in a runaway accident on the road between Clear Spring and Dillsburg Thursday morning. His injuries consist of a broken knee cap, bruises and lacerations and probable internal injuries. He was driving a four horse team to Dillsburg when the accident occurred.

One of the horses frightened at the approach of an automobile driven by the Rev. George Eveler, of this place, and starting to run, excited the other animals. The team dashed along the road, throwing Stauffer out. He was dragged a distance of about one-half mile. The Rev. Mr. Eveler hurriedly followed the runaways, came upon Stauffer lying in the road apparently dead.

Dr. Crawford, of Dillsburg, on his way home from Clear Spring, came along a few minutes after the accident and took Stauffer to his home. It was decided to take the injured man to the Harrisburg Hospital.

GIRL WEDS HER GUARD

Now Seeks Pardon for Breaking Parole So He Can Go to Work.

Lexington, Ky., May 1—When Myrtle Quarles, 17, was sent to the State Reform School here from Paducah, Ky., because she would not accept parental discipline, she came under the eye of Edward Quarles, guard at the school. They fell in love. The girl was paroled in Paris, Ky. Quarles went to see her and they eloped, the girl thereby breaking parole and Quarles losing his position. The whole State has become interested in the case. Quarles went to see Governor Morrow and ask his aid in securing his bride's pardon by the State parole board. If this is granted, Quarles will get his position back as guard. The bride said last night she was very happy and expected her pardon at once.

ROBERTSON GETS RESULTS

His Chicago Fat Women's Class Shrinks Some in Seven Days.

Chicago, May 1—Dr. John Dill Robertson's class for fat women lost an average of 3.9 pounds in the first week of their 60-day experiment in reducing. The average weight of the class of 24 women had dropped from 201.66 to 197.76 when Health Commissioner Robertson weighed them on Thursday.

Mrs. Nellie Leonard, who last week tipped the scales at 323 pounds, led all the rest with a loss of an even eight pounds in seven days. A second group of 16, ranging in weight from 240½ down to 146 entered the contest Thursday. Nearly 200 Chicago fat people are now entered in reducing contests.

TO FIGHT FOREST FIRES

Orders for co-operation between the State Departments of Highways and Forestry in fighting forest fires have been issued by Highway Commissioner Lewis S. Sadler, who says the maintenance foremen and employees can be used as the nucleus of a fire fighting organization in event of fire. They are to go after fires in the woods when seen and continue fighting them until fire wardens reach the scene.

Commissioner Sadler has directed the district engineers and superintendents to issue explicit instructions to all subordinates in regard to the fire fighting and obtain from forest fire wardens information as to location of stations and methods used in fighting fires in the woods.

"CARRAMBA!"

TURKISH WOMAN TAKES THE LEAD

She is Showing Women Way to Emancipation in Turkey.

Constantinople, May 1—A striking illustration of the general emancipation of Turkish women which has been affected by the war is afforded by the designation of Mrs. Halide Edib Hanem, as Minister of Education, in Mustapha Kemal's cabinet. Mrs. Hanem is the wife of Dr. Adam Bey, formerly president of the Turkish Red Crescent and until recently Mustapha Kemal's Minister of Health. She is 35 years old, the mother of three children, a devout Mohammedan and has attained fame as the author of several strongly pan-Islamic novels.

Shortly after Turkey entered the war the need for nurses became so great that women, for the first time, were permitted to accompany the armies and enter military hospitals as relief workers. They are said to have demonstrated remarkable efficiency in taking care of the wounded, a fact which soon made it possible for Turkish women to enter university classes with men. At the present time, however, they are still barred from theaters and amusements of

various kinds, except special performances for women only.

Mrs. Halide Edib Hanem is, perhaps, the most celebrated pioneer in the movement for the higher education of Turkish women. She was the first Turkish girl to graduate from the American woman's college here, despite the persistent opposition of former Sultan Abdul Hamid, who forced her to discontinue her studies many times.

Dr. Mary Mills Patrick, president of the college, and American diplomats in Turkey, always took a great interest in her struggle for education against such strong odds and she finally finished her course a number of years ago. Subsequently three of her sisters graduated from the same college.

PRIEST HAS "NOVEL RIDE"

Louisville, Ky., May 1—Hurled to the pilot of the engine when his automobile was splintered by a fast freight train near Louisville Friday, Rev. Father W. J. Howlett, 74 years old, was carried four miles before his presence was discovered by the engineer.

"I didn't think you were ever going to stop," the priest calmly remarked to the engineer as the train was brought to a halt. "I didn't care much. It was a novel ride." The priest, who is chaplain at Loretto Academy, didn't have a scratch. His machine was cut in half and reduced to kindling.

ACTORS CUT PRICES

Players Anxious to Leave Germany and Theaters.

London, May 1—German music hall artists, eager to get out of Germany, are reported far below those of present British performers and in Norway, Sweden, Denmark, and other countries are said to be engaged for

half their pre-war remuneration.

The British Variety Artists' Federation in consequence has issued a strongly worded memorandum. The chairman of the Federation has pointed out that a resolution was passed pledging the Federation to oppose the license of managers who play German turns "within three years after the declaration of peace." A further and more drastic resolution was, however, recently passed directly against "the employment on or about the theatrical and music hall stage of persons of German origin."

This Trade Mark Represents Threaded Rubber Insulation

This Still Better Willard is the only battery which has Threaded Rubber Insulation.

Every battery has to have some sort of insulating material between the plates inside the cells. This is in order to separate positive plates from negative to prevent the active material from coming into contact and causing short circuits, which would ruin the battery.

The superiority of Threaded Rubber is in its durability. It lasts as long as the plates. Ordinary insulation does not. It wears out and has to be renewed.

Re-insulation is never wholly satisfactory, even if the plates are

found to be uninjured, but often we find that they have already been damaged.

Why wasn't an ideal material like rubber used before? It was—but was never found practical for general adoption in starting and lighting batteries till Willard found how to make it porous by piercing it with tiny threads. Thus the acid solution can extend through the insulation, allowing free passage of current.

Any Willard Service Station will be glad to explain in detail.

No other battery has this "armor plated" protection against insulation troubles. Therefore be sure of the trade mark.

ADAMS WANTS TO BE SECOND PLANK

Veteran Pittsburgh Hurler Hopes to Equal Gettysburg Eddie.

(Ward Syndicate)

Manager George Gibson, of the Pirates is not usually given to serious consideration of the psychological stuff, because he believes much of it is pure bunk, but "Gibby" is satisfied that the occult matter has worked on Pitcher "Babe" Adams, and will probably serve to make him one of the real topnotch hurlers of the National League this season.

Gibson says critics generally have been putting Adams on the pan because he is attempting a come-back in his 37th year. Adams will be 37 years old on May 18th. This criticism—much of it caustic—which has been directed toward Adams, has served to make the veteran finger sore, but at the same time fill him with a determination to show the wisemen they do not know their subject.

As a matter of fact, Adams is not too old to make good. He is but 11 months older than Eddie Cicotte, of the Chicago White Sox, and is some years younger than the famous Cy Young, when that hurler laid down his tools at the age of 45. Adams is one of the oldest hurlers in the big show this year, however.

"I cannot understand," said Adams in a pensive tone, "why the writers are predicting my failure at this stage. I have taken good care of myself and I feel as good as ever. My arm never bothers me and my control and steam are just as good as ever. I never knew I was so unpopular with the scribes before."

Manager Gibson has encouraged Adams to exert his every effort to make good. He takes issue with "Babe" that he has not been treated fairly. He believes the writers should wait until they see just what Adams does when the campaign gets under way in earnest.

Adams calls attention to the fact that Eddie Plank remained in the majors until he was 42, and at the age of 37 years, had one of the best seasons of his career, turning in 26 victories and but six defeats. Baseball at present has many hurlers over the 30 mark. Walter Johnson is 32, Grover Alexander has passed 33, Ray Caldwell is 33, Dick Rudolph and Urban Faber are 32. Slim Sallee, whose sterling work helped the Reds to land the championship, was 35 on February 3d. Jim Vaughn is 32. This line up would indicate that Adams does not deserve to be criticised because of his age, as long as he can deliver the goods.

CLOSE SMALL STREAMS

Fisheries Commission Co-Operates With Game Officials.

Scores of small streams in twenty counties of the State have been declared nursery streams and closed by the State Department of Fisheries in co-operation with the State Game Commission. Practically all of these streams either rise in or flow into State game preserves or are immediately adjacent to such tracts. The action was requested by the State game authorities several months ago and since that time attaches of the Department of Fisheries have investigated conditions.

The streams closed are located in Bradford, Centre, Clearfield, Clinton, Carbon, Cameron, Dauphin, Forest, Franklin, Huntingdon, Lackawanna, Lycoming, Mifflin, Perry, Potter, Sullivan, Tioga, Union, Westmoreland and Wyoming. It is probable that other streams will be closed as the State game preserves develop.

At the request of sportsmen of Potter county the fisheries authorities have closed 111 small streams as nursery streams, the larger streams being left open.

In each case the streams will be posted.

HEARS DEMOCRATIC FIGHT

Harrisburg Judge Reserves Decisions in Political Controversy.

Judge C. V. Henry, of Harrisburg, specially presiding, reserved decisions in six of the seven cases heard Friday in which objections were filed to nominating petitions of candidates for the Democratic Dauphin county committee. In one of the cases it was admitted that the petition was defective and the court declared it invalid.

ELECTION NOTICE

Increase of Indebtedness of Adams County.

Notice is hereby given to all electors of the County of Adams, Pa., in pursuance and by authority of a Resolution of the Board of County Commissioners of Adams County, passed the 15th day of April, A. D. 1920, that a special public election will be held on the 18th day of May, 1920, between the hours of 7 a. m. and 7 p. m., at the usual voting place or places for holding municipal elections in said County of Adams, for the purpose of obtaining the assent of the qualified electors of said County to an increase in the bonded indebtedness of Adams County.

The corporate authorities of said County of Adams, by a resolution duly passed and recorded the 15th day of April, 1920, signified and expressed their desire for such increase of indebtedness.

The amount of the last assessed valuation of taxable property in said County is Fifteen Million four hundred and four thousand seven hundred and eighty-four (\$15,404,784.00) Dollars.

The total amount of the existing debt of said County is One hundred sixty-seven thousand five hundred (\$167,500.00) Dollars.

The amount of the proposed increase in the indebtedness of said County is Seven hundred fifty thousand and (\$750,000.) Dollars.

The percentage of the proposed increase in indebtedness of said County (computed upon the last assessed valuation) is 4 and 869-1000 per centum.

The proposed increase in indebtedness of said County is for the purpose of constructing roads and bridges in Adams County.

\$620,000 of the proposed increase in indebtedness is designated and set apart for the construction of roads, and \$130,000 is designated and set apart for the construction of bridges.

County Commissioners of Adams County.

Attest:—
George W. Baker,
Clerk.

Four of the nominating petitions were attacked by Charles D. Stucker, chairman of the Democratic county committee, being filed by candidates said to have the endorsement of the McCormick faction of the party. Three of the papers of candidates said to have Stucker's support were attacked by the McCormick faction, it is said, although in each of these cases voters in the respective districts filed the actions.

AWARD ROAD CONTRACTS

State Grants Three Amounting to Million And a Half.

Three contracts for more than half a million dollars each and seven others ranging from \$46,000 to \$364,000 were awarded by State Highway Commissioner Lewis S. Sadler for road construction and work is to be started at once. The Commissioner rejected bids for road construction in Warren and Armstrong counties received April 13 and 14.

Two Entire Towns Install Detroit Jewel Furnaces

Michigan Blizzards Have No More Terrors in General Motors Cities.

The General Motors Company recently built two complete little towns for their employees—one near Flint, Michigan, of 1000 houses, and one near Pontiac, consisting of 500 homes.

This part of the State of Michigan is always subject to most severe winters and the temperature during the cold months is usually away below zero, so when the General Motors Company figured on heating these homes in a way to make their employees comfortable and happy they considered only the most essential qualities in the different furnaces on the market. First, heating ability; second, principles of construction; third, durability; fourth, ease of operation; fifth, amount of fuel consumed and sixth responsibility of the company behind the furnace. In every one of these essential points Detroit Jewel Furnaces led all other makes by a large margin, and consequently were installed in every one of the 1500 homes then under construction.

DETROIT JEWELS PROVE SUPERIORITY OVER TWENTY OTHER MAKES

The Du Pont Engineering Company who made the investigation for the General Motors Company, selected Detroit Jewel Furnaces from twenty other competing makes after the most careful and thorough examination. There can be no clearer proof of the supremacy of Detroit Jewel Furnaces to any others on the market when the largest and best known engineering concern of its kind pronounces Detroit Jewels far superior to all competitors.

YOU, TOO, CAN INSTALL ONE OF THE NATIONALLY FAMOUS DETROIT JEWEL FURNACES.

Detroit Jewel Pipeless Furnaces are regular Detroit Jewel Furnaces equipped with special casing, heating the house through one register and maintaining a temperature of 70 degrees in every room because of their remarkable heating ability. Don't go through another winter freezing and shivering but install one of these remarkable furnaces which are guaranteed to heat your home. A phone call or post card will bring one of our representatives to talk it over with you.

TIGHTEN BELT TO DROP PRICES

Must Fight Inflation And Restrict Credits, Bank Says.

New York, May 1—Bankers, educators and economists of the United States and Europe discussed the facts and causes of inflation and high prices, and their remedies, at the semiannual meeting of the Academy of Political Science, which opened here Friday.

The entire world must tighten its belt if there is to be enough for all, and that belt is a strict control of bank credit, without which the world will continue to gorge itself and inflate, declared Paul M. Warburg, banker, discussing inflation, its causes and remedies.

In summing up what he termed the practitioner's advice in the case, Mr. Warburg said:

Must Stop Borrowing
"First we must fight inflation with all the means at our disposal, by arresting the further increase of Government indebtedness and, if possible, reducing it."

"Second, by calling a halt in further bank credit and note issue expansion. We would thereby destroy the atmosphere of easy money and paper prosperity that makes for individual and corporate extravagance and fosters discontent among the masses, rendering them disinclined to give their full measure of work. This includes the most difficult task of curbing the production of essentials and of stimulating the production of essentials."

THIS BLUEBEARD KILLED WIVES

Fifteen Women Were Victims of This Modern Fiend.

KILLS TWO WITH HAMMER

James R. Hurt Was Married Twenty Five Times. Used Many Aliases; Forgot Name.

Los Angeles, May 1—At least two of the numerous women whom James R. Hurt is alleged to have married in various parts of the country were murdered by him, two others met "accidental" deaths while with him, and he "might have murdered more," according to an alleged confession made public early Friday by J. Morgan Marmaduke, his attorney, and county officials. Hurt said he "could not remember" what happened to some of the women because of his still weakened condition resulting from two attempts to commit suicide, the reputed confession said. He lay on a cot at the county hospital as he talked.

Hurt has been held here several days while officers investigated reports of numerous marriages.

He married "twelve or fifteen women, probably more," Hurt was quoted as saying. A desire to kill obsessed him four years ago, Hurt was alleged to have said and women were his especial victims, there being no direct motive for their deaths, and no desire to kill men, children or animals.

Married 25 Times

Nina Lee Deloney, killed with a hammer at Long Beach, Cal., and Elizabeth Pryor, whose head was crushed with a sledge hammer near Plum, Wash., were the "wives" whose murders the officers said Hurt confessed.

The "partial confession," the officers said, related to the death of Bertha Goodrich and Alice Ludvigson. Miss Goodrich was tipped out of a boat in Lake Washington, near Seattle, and Miss Ludvigson was drowned in a river in Idaho, they said.

More than 25 marriages have been attributed by the officers to Hurt. Seven women are listed as missing. They include, besides the four named in the alleged confession, Mrs. Gertrude Wilson, Seattle; Beatrice M. Andrews, of Canada and England, and Agnes Wilson, Alberta, Canada.

First to Die

The first to die, according to the alleged confession, was Miss Ludvigson. Hurt was quoted as saying he was in a boat with her, fishing in a river in Idaho. His memory was weak as to the exact time and location. The boat, he stated, jammed against logs which were lashed to the bank of the river, and he and Miss Ludvigson tried with their arms to free the raft. When it broke away, he narrated, the woman lost her balance and fell into the river and was drowned.

Beaten With Hammer

He said Miss Goodrich died when she fell from a launch into lake Washington while trying to go from the stern to the center. Later on, the officers said Hurt himself referred to this death as "a murder."

In the Pryor case, the officers said he asserted the woman attacked him with a hat pin and he shoved her so violently that she fell and struck her head against a box. He believed she was dead, and was said to have declared, but to make certain he struck her with a hammer.

Miss Deloney, he was quoted as saying, was killed at a camp near Signal Hill, at the edge of Long Beach, Cal., January 26, last, after they quarreled about letters he had received from other women.

The officers said Hurt told them he did not know his right name, but admitted having used many aliases.

DONOR WITHHOLDS NAME

Three Million Dollars Given Inter-church Fund.

New York, May 1—An anonymous gift of \$3,000,000 to the United Financial Campaign, of the Inter-Church World Movement was announced at campaign headquarters here Friday with the statement that \$90,000,000 of the \$100,000,000 sought had been pledged. The campaign does not close until next week and more than 100,000 churches in various states are yet to be heard from.

Incomplete returns prepared for reading at a luncheon Friday, at which William G. McAdoo was the principal speaker, showed Pennsylvania in the lead with a total of \$5,471,026, contributed to the fund. New York was second with \$5,072,571, Illinois third with \$2,154,952, Massachusetts fourth with \$2,021,926 and Ohio fifth with \$1,858,052.
